Try something new this summer

RICE LAKE TEAL DUCK CALL

Now that it looks like the early teal hunt is a permanent part of the Wisconsin waterfowl season, it's the perfect time to give it a try. With your spread of decoys out in a secluded bay, you'll want something to pull the passing teal your way. This walnut call produces the perfect sound to turn the flock around. Easy to use, with great volume. Just under 5-inches. (\$26.24)

MONTANA POLARIZED FISHING SUNGLASSES

Protecting your eyes while you're on the water is important and these sunglasses help you see more fish. It's the perfect combination. The lens is made of impact resistant Polycarbonate and the latest polarization technology to eliminate glares and enhance your visibility below the water's surface. Polarization film encapsulated within the lens, rather than simply coated for durability. Designed to hug the contours of your face for ultimate comfort. (\$24.98)
